

Before your visit to The UNIVERSITY of OKLAHOMA

On behalf of the University of Oklahoma, I would like to welcome you to Norman, OK. OU's Corporate Engagement Office looks forward to your visit to our campus, one that the Carnegie Foundation awarded its highest tier of research activity classification. It is our pleasure to serve you in every capacity necessary to make sure that your travel experience is smooth and your campus visit is thorough and informative. We have put together this document in efforts to help answer some of the most frequently asked questions our office receives from visiting partners. Please do not hesitate to contact our offices should any further questions arise. We look forward to seeing you soon.

Boomer Sooner,

Cameron McCoy
Executive Director

OU attractions

Sam Noble Oklahoma Museum of Natural History
Museum's exhibits include a Native American gallery and collections of fossils and dinosaur skeletons from Oklahoma and throughout the world. With over 6,000,000 items, Sam Noble is one of the world's largest university-based natural history museums

National Weather Center

The National Weather Center houses a confederation of federal, state, and academic organizations, including the National Severe Storms Laboratory, National Weather Forecast Office, Storm Prediction Center, Oklahoma Climatological Survey, Oklahoma Mesonet, and OU College of Atmospheric and Geographic Sciences.

ExxonMobil Lawrence G. Rawl Engineering Practice Facility

This world-class, two-story, 41,000-square-foot facility includes 10,000 square feet that students can use to design and build engineering projects including electric racing vehicles, robots, and concrete canoes. There is also shared space where kindergarten through 12th-grade students are inspired to become tomorrow's engineers and scientists.
